Who are JN Bentley?

JN Bentley Ltd is part of the global management, engineering and development consultancy Mott MacDonald, offering our clients full feasibility, design and construction services throughout the UK.

We are a rapidly expanding organisation with a current turnover of over £300 million generated from projects in the building and civil engineering sectors.

Top 100 undergraduate employers of 2019

What you'll do:

Quality

- Assist with monitoring the quality of the works in conjunction with the Test and Inspection Plan, maintaining as built records.
- Co-ordinate site engineering control activities to satisfy contract programme requirements, assisting or carrying out setting out as necessary.
- Ensure standard company procedures are adopted in carrying out setting out operations as per the test and inspection, and that effective methods of communication are used in transmitting information to operatives and subcontractors.
- Carry out 'as built' surveys on completed works.

Site Management

- Assist the Site Manager in the initial site set-up.
- Support the Site Manager in maintaining and enforcing safety standards throughout the project.
- Support the site team in planning ahead and monitoring outputs.

Financial Controls

- Ensure company cost systems are kept up to data by logging material deliveries, managing and reviewing plant levels.
- Assist the Site Manager and Quantity Surveying Department by compiling data to record resources utilised on each activity.

Communication

- Liaise and co-ordinate with the site team, design team, support services and the supply chain to ensure successful project or milestone completion.

I enjoy coming to work as every day is a different challenge and no two days are ever the same. I am engaged and excited to come to work.

Being on site has helped me put together the skills I have learnt at University and implementing them in the work place.

Tom
Civils Placement

What you'll need:

- We are seeking applications from current 2nd year students who have opted to complete a year in industry.
- A full UK driving licence and eligible to work in the UK.
